Trisha Scott

Meeting Notes:

12:00 - 12:10: John Kelly: Welcome and short overview of grant statement of work. Motion to approve 11/14/2019 SPC minutes: Joey Burke. Second: Aaron Preece
Vote to approve: Yes: Unanimous No: 0
Request for volunteers for tobacco task force co-chairs. Time obligation for co-chairs is approx 3 hours every 90 days.
Request coalition members consider and discuss the need for a Communication and Data task force. Task force would oversee the “next level” of coalition communication, an integrated communication strategy using print media, printed materials, social media and other media outlets to promote a more focused message. Task force would also focus on educating members about data sources, namely: Wyoming Dept of Health, Wyoming Survey Analysis Center, Wyoming Association of Sheriffs and Chiefs of Police, Center for Disease Control, State Epidemiological Workshop, and Wyoming Adult Tobacco Survey, among other state and federal sources.

12:10 - 12:30: Aaron Preece, Melissa Harrison and Matthew Daniels, Suicide Prevention Task Force report: Melissa Harrison reported on International Survivors of Suicide Loss Day (ISSLD) November 23: 13 attended, 4 were survivors. Discussion was positive and film was reported excellent. Jackie Downie, Melissa and Trisha doing follow up with those who attended to promote the loss of suicide support groups, both sides of county. Aaron P. suggested keeping momentum of Suicide Prevention Awareness Month and ISSLD going with planning an event in January. Melissa will look into “Coming out of the Darkness” (all night) walk. Matthew Daniels gave QPR report: 50 trained, upcoming trainings scheduled for students at Skyline Academy December 18 and 19; servers at the Waterhole Bar, in Marbleton January 3; and Big Piney elementary, middle and high school faculty January 13. WDH has approved providing food for all QPR gatekeeper trainings. Tech arrived, has been tested, and will be stored at public health for QPR trainers. Power point is loaded on the laptop.
Discussion: Could track our goal to train 1,000 Gatekeepers with goal tracker thermometer and direct to website for info.

12:30 - 12:50: Robin Carnes, Alcohol Task Force Report: Overview of goals set in December coalition empowerment workshop with Rodney and Tracy; reminder that our alcohol goals seek to change social norms and changing social norms is a “slow grow cultural shift”. We are not trying to get people to quit drinking. We want to promote moderate drinking guidelines because they will decrease DUI’s, decrease BAC at time of DUI arrest, and therefore promote public and highway safety. Robin reviewed what the task force recommendations to the Pinedale Town

Council as Council considers revisions to the town Alcohol Permit for Special Events application.

- Consider prohibiting glass and coolers at town park music events
- Follow WLA guidelines to check every ID of persons who look under 30, rather than “check every ID”
- Consider wristbands at all public events as a visual reminder and reinforcement that you have to be 21 years old to be allowed to drink.

Joey Burke brought up Campbell County DUI Task Force, a collaborative effort involving restaurant and bar owners and law enforcement, Task Force focuses strictly on DUI's rather than alcohol abuse in general. Joey suggested that if we are interested in taking a DUI focused approach that we consider that more and more frequently DUIs happen with multiple substances, marijuana, meth, and prescription drugs, and laws are behind the times and new realities.

12:50 - 1:00: Coordinator report:

Tobacco - Report on eventful fall with Sublette County, Town of Pinedale and Town of Marbleton leading the state with vape policy activity at town, county, and state levels. Marbleton Town Council the latest elected officials to discuss a ban on the sale of flavored nicotine, and doing excellent work trying to work with Loaf n Jug to explore voluntarily pulling candy flavored nicotine from the shelves without regulations. Joey Burke and Trisha getting trained at CU Medical School in January to facilitate quit tobacco education and support groups. Joey and Trisha will also be able to train others in the county to do support groups.

Rx: Developing printed materials for the clinics on how to talk to your provider about prescription pain meds, and alternatives to prescription pain meds for treating pain. Will participate in spring health fair/drug take back day.

Full coordinator report is attached to this email.

Trisha requested feedback on frequency of prevention emails. Members agreed that one long email per month with multiple attachments of meeting agendas and minutes is working. Members requested Trisha send reminders before meetings and events.

1:00: Adjourn
