

MINUTES:1/11/22 TOBACCO TASK FORCE

12 - 1PM

Public Health Conference Room

Present:

Peggy Weber, Visitor Center, Recovery Community

Stephanie Lund, Regional Public Health Supervisor

Janna Lee, Sublette Public Health

Trisha Scott, Coalition Coordinator

Notes:

Team agreed to propose these strategies to the coalition for the 2020 - 2022 work plan:

- Focus on **vape prevention** through parent education using media, tables at sports events, and parent teacher conferences.
- **Cessation:** Continue offering and supporting quit groups; look into quit “schwag” like wristbands; continue offering patches, gum, and quitline resource. Pay for cessation facilitator training for HCBH/Clinic.
- **Advocate for tobacco tax increase** - align with Region 1 (Sublette, Lincoln, Sweetwater, Teton and Fremont Counties) to promote opportunities to educate lawmakers.
- **Replace school signage** for “tobacco free campus” with metal signs.
- **Tobacco retail folder:** Info and data and a compliance check certificate: “This establishment supports a healthy Sublette County and has passed its tobacco compliance checks”.
